Phone: 6388186900 | Email: azlanjamsh@gmail.com | Kushinagar, Uttar Pradesh

Summary

Web Developer with hands-on experience in both frontend and backend technologies, specializing in creating responsive and intuitive user interfaces. Strong proficiency in JavaScript, React, HTML5, and CSS3, with working knowledge of Node.js and Express for API development. Committed to continuous learning, problem-solving, and delivering high-quality user experiences.

Skills-

Programming Language: Python, Java Script

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS

Backend: Node Js., Express, RESTful APIs

Version Control & Tools: Git, GitHub, VS Code, Chrome DevTools, Postman

Soft Skills: Problem-solving, Debugging, Team Collaboration, Communication, Fast Learner

Experience-

Frontend Developer — Gen2De(General Developer and Designer)

- Worked on building and improving responsive web interfaces using **React.js** and **Tailwind CSS**.
- Collaborated with team members to design, develop, and test new website features.
- Focused on improving **UI performance** and ensuring smooth user experiences across devices.
- Used **Git and GitHub** for version control and team collaboration.
- Helped maintain clean, reusable code and followed best development practices.
- Actively participated in discussions for new design ideas and project improvements.

Projects-

1. **[Global Service and Legal Associates Website](#)** – *React, Tailwind CSS*
 - Developed a professional website for a law & consultancy firm.
 - Created a responsive layout with optimized performance and user-friendly navigation.
2. **[MAKAUT Football Club \(MFC\) Website](#)** – *React, Tailwind CSS*
 - Developed a frontend-only website for the university football club featuring team profiles, match schedules, and score updates.
 - Used manually maintained JSON data to update scores, player details, and event information.
 - Designed a clean, sports-themed UI with responsive layouts for seamless viewing across devices.
3. **[Personal Portfolio Website](#)** – *React, Tailwind CSS*
 - Designed and developed a responsive personal portfolio to showcase my skills and projects.
 - Implemented smooth navigation, modern UI design, and reusable React components.
4. **[Portfolio Website for a University Teacher](#)** – *React, Tailwind CSS*
 - Built a customized portfolio to highlight academic achievements and publications.
 - Focused on clean design and accessibility for better readability.
